

Try it, You'll LOVE it!

PROGRAM

Apply it on patients with "normal root sensitivity" and you will immediately become a believer. Your patients will love it! You will love it!

GUARANTEED to be 100% EFFECTIVE or you pay nothing.*

That is how confident we are!

What is DentaKote-S™?

It is a medical-grade silicone formulation that is safe to use in the oral environment. It can be applied effortlessly and quickly to relieve the symptoms of sensitivity and more.

A single application has lasting effects. Re-application is recommended at your subsequent recall visits.

Clinical studies using actual patients have repeatedly demonstrated the effectiveness of DentaKote-S™ in relieving painful sensations. Each patient experienced immediate and lasting relief. **Visit dentakote.com to watch our patients and dentists video testimonials.**
